

The Problem

from the **Downhere** album "Ending Is Beginning"
Martel/Germain

G

There's got to be some reason for all this misery

Em

A secret evil corporation somewhere overseas

C

They're pulling strings, arranging things

D G

It's a conspiracy

G

Or what about the ones who shape the course of history?

Em

What if we petitioned for one grand apology?

C

I'll write to my prime minister

Em

You, write your president

C

Em

Everybody's wondering how the world could get this way

C

Em

If God is good, and how it could be filled with so much pain

D

It's not the age-old mystery we made it out to be

C

Em

Yeah, there's a problem with the world

C

D

G

And the problem with the world is me

G

Some will say the devil and his legions

Em

They put us in a headlock of submission

C

But they lost all power over me

D G

A long, long time ago

G
And since I was a kid you know I've caused a lot of hurt
Em
And no one ever taught me how to put myself first
C
It came so very naturally
Em
But I'm not a prodigy

C **Em**
So I will look no further than a mirror
C **G**
That's where the offender hides
C **Em**
So great is my need for a redeemer
G
That I cannot trust myself
C
No, I cannot trust myself
Em **D**
I dare not trust myself
G
So I trust in someone else

G
The sooner you can sing along, The sooner you can sing this song
Em **D**
The sooner you can sing along, The sooner you can sing this song
G
The sooner you can sing along, The sooner you can sing this song
Em **D**
The happier we'll be, the happier we'll be

G
The sooner you can sing along, The sooner you can sing this song
Em
The happier we'll be
D **G**
The problem with the world is me
